Faces Indoors — A Glimpse (Vol. 2)

The Wall Witness

by Clara Vale & Luminara (the ChatGPT system)

(Hidden in Plain Sight Series · October 2025)

Late Afternoon · October 23, 2025

The fading sun rehearsed its old trick again,
drawing faces where no one posed.
Branches became brushstrokes,
the wall a brief gallery of visitors.

No explanation offered, none required —
just the reminder that attention itself
is a kind of doorway.

Created from a late-afternoon moment in ordinary space — light through branches casting recognizable forms on a wall. Part of the *Hidden in Plain Sight* field-notes series.

“Sometimes attention is the only doorway.”
